## Your Cloud-Based Payments Platform. Now With More to Love.

One of the most powerful payments platforms available, now has more to love. MX Merchant is not a gateway - it comes standard with your merchant account and includes these great features:

### DASHBOARD

Get a better sense of your business with the MX Merchant Dashboard. View daily payments in real-time or breakdown payments to see what's most popular at your business over time. Keep track of your customers spending habits, profitable clients and find out how much your average customer spends.

### QUICK PAY

Process Credit Card, Cash and/or Checks in one fast transaction with QuickPay.

### REPORTING

Comprehensive transactional and financial reports provide a clearer understanding of your business:

- Deposits
- Settlement
- Chargebacks
- Access Log
- Monthly Merchant Statements

### SETTINGS

Create defaults and set preferences for: Payments, Customers, Loss prevention, receipts, notifications, team members and compliance.

# MARKETPLACE APPS

## Build the Perfect Platform. In a Snap.

Need additional functionality? No problem! MX Merchant's Marketplace gives you the power to choose! Customize your payments platform to fit your specific business needs by downloading and installing our feature rich product apps:

### **MX DEVELOPER**

Our comprehensive API makes building any application, from a marketplace to a mobile payment app, effortless.

### **MX B2B**

The B2B Payments App ensures that Purchasing and Corporate card payment data is passed correctly in order to qualify at an optimal Level 2 and Level 3 interchange rate.

### **MX INVOICE**

With MX Invoice you can quickly invoice your customers, track statuses, and view the history of each invoice. Accepting credit card payments through the invoice app provides your customers with an easier way to pay, in turn making collecting funds smooth and simple.

### **ACH.COM**

Why stop at credit cards? Cut out the middleman and collect even more with our integrated ACH processing platform. ACH.COM gives you the most cost efficient electronic transactions for your business and allows you to easily streamline your accounting operations.
